**DIANA SHIPPING INC. ANNOUNCES TIME CHARTER CONTRACT FOR
MV NAIAS WITH CONSTELLATION ENERGY COMMODITIES GROUP**

ATHENS, GREECE June 21, 2007 – Diana Shipping Inc. (NYSE: DSX), a global shipping company specializing in the transportation of dry bulk cargoes, today announced that it has entered into a time charter contract with Constellation Energy Commodities Group, Baltimore, Maryland, for one of its Panamax dry bulk carriers, the Naias, at a gross rate of US\$34,000 per day for a minimum twenty three (23) to a maximum twenty five (25) month period.

This employment is anticipated to generate approximately US\$23.5 million of gross revenues for the minimum scheduled period of the charter. The charter is expected to commence at the end of September, 2007.

Diana Shipping Chairman and Chief Executive Officer, Simeon Palios, commented: “The new charter of Naias demonstrates the merits of our current chartering strategy. We had positioned nine of our vessels to be redelivered to us between September 2007 and April 2008, giving us the opportunity to take advantage of the expected favorable market conditions. We also continue to be selective with respect to our customers, as reflected in our establishment of a relationship with Constellation Energy Commodities Group, which is considered to be North America’s number one supplier of wholesale power and leader in the international coal market.”

The Naias is a 73,546 dwt Panamax dry bulk carrier built in 2006.

About the Company

Cautionary Statement Regarding Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include

statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "anticipate," "intends," "estimate," "forecast," "project," "plan," "potential," "will," "may," "should," "expect" "pending" and similar expressions identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charter rates and vessel values, changes in demand for dry bulk shipping capacity, changes in our operating expenses, including bunker prices, drydocking and insurance costs, the market for our vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessels breakdowns and instances of off-hires and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
